Formal Review

Requester Name: Jazsmin_Gilliam
Reviewer Name: Leo Andrews

Date of Review: __03/03/2026

Review Type (e.g., code, usability, design, other): Usability

Scope:

Artifact Reviewed: UI prototype for mobile and web browser

Review Objectives: Evaluate the creativity and page navigation.

Methodology:

Approach Taken (e.g., execute, inspect, observe): A video will be presented. Observe the user navigate the Homepage. A demo is also available for you to try yourself.

Evaluation Criteria (e.g., expected behavior, best practices, heuristic evaluation):

- Readability: Is everything on the page readable?
- Feedback: What would you add/change to the UI if anything?
- Usability:
  - Navigable: Is the home page easy to navigate

Engaging: Is the homepage appealing/ engaging for the user? What works? What do you think needs improving?

Coverage / Limitations (e.g., test login only, ignore database integration): If you demo the prototype, try to stay on the Homepage (the other pages are not linked).

Findings

Strengths:

- Unified Front End. Very modern and pretty
- Everything flows well together
- Everything is readable
- Easy to use intuition to find all actions that can be done

Issues / Defects:

Description of Issue	Severity (Low/Med/High)	Evidence / Example	Suggested Fix
Move contacts to top	Low	n/a	n/a
Add skill tags to brag entries	Low	n/a	n/a
Add Skill Tags to Education Entries	Low	n/a	n/a
