Formal Review Template

Requester Name: Justin Pedrozo
Reviewer Name: Cezar Santiago
Date of Review: 04/28/2026

Review Type (e.g., code, usability, design, other): Code/Design

Scope:

Artifact Reviewed:
Usr_portfolio.jsx – achievements

Review Objectives:
Ensure best practices and functionality

Methodology:

Approach Taken (e.g., execute, inspect, observe): execute and inspect

Evaluation Criteria (e.g., expected behavior, best practices, heuristic evaluation): expected behavior, best practices

Coverage / Limitations (e.g., test login only, ignore database integration): only achievements sections

---

Findings **Strengths:**

- Clean readable code. Plenty of comments
- Proper approaches to functions

Issues / Defects:

Description of Issue	Severity (Low/Med/High)	Evidence / Example	Suggested Fix
No loading state during submission	Med	There's nothing stopping a user from clicking the add button multiple times while the Firebase write is in progress.	You need a isSubmitting state that disables the button until the write completes.
